

The Sheri and Les  
BILLER FAMILY FOUNDATION

October 13, 2009

Ms. Allison Sampson  
Allison Sampson Management Consultants  
471 Hillside Lane  
Santa Monica, CA 90402

Dear Allison:

The Sheri and Les Biller Family Foundation is grateful for your excellent work supporting the efforts of our organization.

We were introduced to your work ethic when you were Executive Director of the Colburn Foundation. You helped us to consider some basic Family Foundation infrastructure and policy elements. More recently, you have been helpful to our efforts in the Theatre Arts Education arena. Your background knowledge of Los Angeles-based arts organizations has been tremendously helpful. The Biller Family Foundation's mission is to work as a catalyst to advance community programs that educate and energize individuals, and your experience easily aligns with this model.

I appreciate your time and background knowledge when we meet periodically to discuss the theatre, arts and education communities and possible organizational collaborations, as well as today's fast-paced changes in philanthropic approaches. You have been professional, prompt, and always willing to introduce us to anyone in your network of resources.

I would highly recommend Allison Sampson Management Consultants to non-profits or foundations to support their institutional aspirations. What an asset to the Los Angeles cultural and philanthropic community you are!

Sincerely,

Sheri Biller  
President
