Re: **Letter of Recommendation**

To whom it may concern:

The City of Burbank recently utilized the services of Allison Sampson Management Consultants to complete the City's Cultural Arts Plan. We had the pleasure of working with both Allison Sampson and Karen Constine on this project. I found both to be extremely knowledgeable and professional. They have a unique ability to encourage dialogue and creative thinking, while keeping the committee members focused and on-task.

We were also fortunate to have Allison facilitate a public meeting to share the draft of the Cultural Arts Plan with the public. I was extremely pleased with her energetic and creative ability to keep the 60+ attendees interested and focused. Her vast experience as a facilitator was very apparent to me during this entire process.

It was a pleasure working with both Allison and Karen. I would not hesitate in working with Allison Sampson Management Consultants in the future.

Sincerely,

Marisa Garcia
