Dear Allison,

I wanted to write and thank you for all of your efforts on behalf of the Los Angeles Historic Resource Survey on which the GCI is working together with the City of Los Angeles.

This has been a long and rewarding project of the Getty's and we are delighted with the progress we have made with the City. We couldn't have done it without you. The City's engagement of you to manage the process of reviewing the survey reports with City departments was key in helping all of the diverse parties understand both the complexities, and benefits, of a survey. I want to commend you on the efficiency, good humor and strategic imperative you brought to the process. What could have been a confusing and laborious undertaking amongst the thirteen departments was thoughtfully organized and respected everyone's busy schedules. What resulted was clarity and consensus.

Thank you for your part in this important project. I look forward to working together with you in the future.

With best wishes,

Sincerely yours,

Tim Whalen
