Dear Ms. Sampson,

On behalf of the Central San Pedro Neighborhood Council, a very special thank you for your excellent job in facilitating our Board Retreat on March 8, 2009. All board members present agreed that your facilitation was invaluable to the success of the retreat.

With your assistance, our board members were able to focus on the real purpose of the retreat which was to review and uphold the mission statement of the Central San Pedro Neighborhood Council; to set goals for the upcoming year; and to utilize methods that would assist the Board in maintaining their focus on tackling important issues that affect the community.

Board members felt that your ability to keep the meeting running smoothly and staying on target with the agenda was the reason that so much was accomplished in such a short amount of time. They appreciated the opportunity to get to know each other better and to hear what was important to each of them as board members representing members of the Central San Pedro Community.

The success of our retreat is an important step in re-defining what we, as a board, want to accomplish in the years ahead. We will highly recommend your services to other neighborhood councils who can also benefit from your expertise.

Sincerely,

Kristina Smith, Administrative Assistant
